What is FSC?

- Program to encourage student contribution
- Opportunity for students to collaborate
- To get more code released under GPL and other compatible licenses
- To share the spirit of freedom

fedora

Why FSC?

- Chance to work on large code bases
- You own what you do
- Collaborate with professionals
- Non – Coding projects like Musician's Guide
- Work on upstream projects
- T-shirt, certificate and Monies ;-)

How To Get In?

- Know your interests and stronghold

- Do some research

- Talk to people

- Join mailing lists and discuss

- Prepare to be grilled and neglected

DON'T GIVE UP!

Fedora KDE Netbook Remix

The Need

- Something which is Netbook Centric

- Lesser irrelevant apps like k3b

- Navigation made easy

- Less menus and more searches

What We Built

Back | dol

5

Dolphin   General   Home   Navigation   Services   View Modes

Problems Faced

- How to enable the Netbook Workspace?
- Too many apps in a single package like kdemultimedia
- Community opinion on package splitting
